♥▲♥Free Action Adventure Puzzle Game (0.3GB) ♥▲♥ \*FEATURES\* - Easy to pick up and play, yet quite challenging and worth playing. - This game contains 12 levels with over 120 types of enemies, many of them are deadly. - Play as online with up to four players! - Simple controls, gamepad controls are also supported. - The game does not use annoying ads or IAPs. ●♥♥◆Game Screenshots◆♥♥ ◆◆Click on the image for the full size image.◆◆ [Features] - This game includes one level of the story line and eight different game modes. - But if there is any special requests from you, I can increase the number of game modes. - It has quick mode (90 second points), score battle mode, time battle mode (time limit every round), and boss battle mode (boss enemy with special reward). - The difficulty levels are from beginner (Easy) to expert (Hard). (I would like to make all difficulty modes based on experience, please leave a comment to tell me if you would like to see a specific difficulty. Please leave an OpenID in the comment section if you would like your requests to be fulfilled.) - The game starts with easy (newbie) difficulties. For each level, it's recorded the minimum speed of the character and tells the player the completion time of the level. - Bonus round is a special mode that sometimes appears in the middle of the game, where there is no point limit and the character, with the special attack power, goes after the enemies and gets their dropped items. The characters that completed each level will be combined to create a new character. - If you can't play with two characters, I'd like to add a rematch mode. [Field Feature] - Boss battle: the boss battles are in this game have a (boss) way of attack depending on the type of enemy. They have about six attacks. - Magic: there are two types of magic: basic and special. - There are eight types of basic magic, and three types of special magic. You can choose to use magic from the start of the game. - Characters can equip 10 different types of armor for each type of magic. Characters can equip 10 different types of armor for each type of magic. - In

## **Game Screenshots & Video:**

Fight Chicken

Have you ever wanted to see a dragon in first person shooter? Then this is a game that you are hoping to

---

find. In a world full of normal life your travels were almost something of a miracle. At a young age you encountered a rare beast called "Chicken" which is normally a supposed monster. While avoiding him you have to fight him every day. What's more, he is a training classmate of yours, and the colleague of your friend, and all your do is learn to say goodbye to Chicken and is great. Challenge over time you will enter the world of Dreams and Dragons and discover two things: life has continued, and a fight to another.
