Checked 6l Â·.Q: Tree Layout with C# UWP I am currently trying to develop a Windows UWP application using C#/XAML and I'm looking for a control similar to To be more specific, I want to show multiple images and texts on separate rows. After searching Google for a while I didn't find a similar control. I found several treeviews, that allow multiple selection, but they don't allow me to add images to the rows. I am currently developing on Windows 10 and .NET Framework 4.5. A: You could try using a ContentPresenter as a container for your images and texts. With a ContentPresenter you can add a template containing the image and the text and with a style set a custom margin for your
